SUNDAY SAW START OF UNITED WAR WORK CAMPAIGN.

GIVE FOR YOUR SOUL'S SAKE!

If You are "Humane" How Can You Refuse?

Be able to look "Our Boys" in the eye and say to them "I could not go with you to fight, but, thank God, I helped to 'back you up.'"

You'll be proud to say that, and, if you can't honestly say it—well, America is no place for you.

The drive for the United War Workers' Campaign lasts until Saturday night. Bourbon's quota is \$52,000. Have YOU done your part?

Sunday, although a rather disagreeable day, saw the start of the United War Workers' campaign in this city for \$52,000, the county's quota in the big drive. Though several of the various committees were confined to their home with illness the others took up the work, and made a house-to-house canvass in all the residence districts of the city. It was a good day for the purpose, as nearly everybody was "at home" for the day, having been previously prepared by the local press for the visitors.

Owing to the ban placed on public gatherings the mass meeting scheduled to be held at the court house on Friday night as a preliminary to the great drive, was declared off. A meeting was held in the Bourbon-Agricultural Bank building, instead, at which final arrangements were perfected and the workers given their instructions. At this meeting a club known as the Three Hundred Dollar Club was formed. This Club started the ball rolling with subscriptions and pledges amounting to nearly \$4,000. Several subscriptions of five hundred dollars were also taken.

The colored people of the city participated in the drive Sunday and raised a total of \$1,300. The Victory Boys' Club went to work with a will to raise their allotment. Twenty-five boys presented themselves for the work. Each one agreed to raise the sum of \$5.00, earned by his own labor. Each one was to select the name of a soldier, in whose name his contribution to the work was to be tendered. The same was true of the Victory Girls. Both made good records for the first day's work.

The boys were captained by Rev. R. C. Goldsmith and Prof. Lee Kirkpatrick, while the girls were in charge of Misses Louie Bruer and Elizabeth Crutcher. In the county the work was well in hand under the various committees. North Middletown No. 1 reported a total of \$5,300 collected in a few hours. Their quota had been placed at \$4,500. Ten members of the Club gave \$300 each. The campaign will continue through all of this week. It had been the fond hope of the County Chairman and of the chairmen of the committees that Bourbon's quota would be raised in the one-day campaign, but due to insufficient publicity, the illness of several workers and a variety of other causes, the work could not be accomplished. The workers were again busy yesterday in the city and county and will keep up their work until the end of the campaign.

In order to keep the matter fresh in the minds of the public THE NEWS has been asked to republish the general outline of the campaign. Kentucky has been asked for \$1,770,800. Of this amount Bourbon county is asked to raise the sum of \$52,000. The county's quota had originally been placed at \$28,000, with an additional fifty per cent., making it total \$42,000. To this is to be added a budget of \$10,000 for the local Y. M. C. A. Subscribers may contribute to the general fund of \$42,000, or they may contribute exclusively, as they desire, to the United War Workers' fund. The local Y. M. C. A. will not get the allotment of \$10,000 until the \$42,000 for the general fund is first raised. Payments may be made as follows: One-half on December 2; one-fourth on January 15, 1919; and one-fourth on March 1, 1919.

We cannot too strongly urge on our people to contribute liberally to this campaign, as, in the nature of this object it is one of the most worthy that has come up during the war. The care of the soldiers after the war will become just as necessary as during the war. So, "Salute the flag, and go to it."

Last night before THE NEWS went to press Secretary Z. L. Wilcox, of the Y. M. C. A., stated that the work was well under way in the city and county, but it would be impossible to give the exact amount raised up to last night. Several precincts had not reported, and in others the work was going slowly, so that he could not give the sums. He stated further that it was the opinion of those having charge of the financial end of the campaign that Bourbon county had already raised about half its quota, about \$25,000.

WEDNESDAY OPENING DAY AT LATONIA RACES.

There was much rejoicing among horsemen at Latonia when they learned that the Latonia meeting was now assured, and that the season would get under way to-morrow, Wednesday.

It has been a trying ordeal for many of them, particularly those with small stables and slender purses, but they have passed over the long period of inaction in good shape and are now looking forward to the opening when they will be given an opportunity to earn money to pay feed bills and other expenses.

General Manager John Hachmeister is equally pleased at the outlook for the meeting and declares it will be a most successful one, provided the weather conditions are favorable. He stated that the meeting would positively run ten days and possibly longer.

The change in opening dates has brought about a revision of the dates on which the stakes are to be run, and these changes have been handed out by Secretary Campbell.

According to the new schedule the first and second Saturday of the meeting will be featured by two stakes. On the first Saturday both the Fort Thomas handicap and the Sinton Hotel special will be run off, while the following Saturday will have as its features the \$10,000 Latonia Cup race at two miles and a quarter and the Gibson Hotel Special.

Secretary Campbell also named the days when ladies will be admitted free to the course. These are Thursday, November 14, and Wednesday, November 20.

Following is the list of stakes with their revised dates:

Latonia Inaugural Handicap, Wednesday, November 13; Fort Thomas, Saturday, November 16; Sinton Hotel Special, Saturday, November 16; Autumn Selling Stakes, Tuesday, November 19; Queen City Handicap, Thursday, November 21; Latonia Cup race, Saturday, November 23; Gibson Hotel Special, Saturday, November 23.

BOURBON CIRCUIT COURT.

There was a short session of the Bourbon Circuit Court at the court house yesterday, owing to the fact that the flu ban is still on and there will be no jury trial at this session. Judge Robert L. Stout presided and Commonwealth's Attorney Victor Bradley was at his post.

The usual motion hour was observed, and the time of the Court was occupied with hearing of the ordinary appearance docket. Judge Stout ordered a special grand jury to convene to-morrow (Wednesday) for the purpose of indicting two prisoners, both colored, now in the Paris jail. The Court appointed J. Will Thomas, Logan Bryan and Jos. Leach to act as Jury Commissioners. According to previous instructions from the Court, Sheriff W. G. McClintock notified all petit and grand jurors summoned to appear yesterday that they need not do so, as there would be no jury trial on account of the restriction placed on public gatherings by the State Board of Health on account of the influenza ban. The Court then adjourned until Wednesday when the special grand jury will be in session for the purpose indicated above.

ARMISTICE SIGNED

Great World War Ends--Kaiser Flees to Holland; All Princes Exiled

Popular Uprising is Successful in Berlin and All Large German Cities—Every Dynasty To Be Suppressed.

ORDERS FOR TROOP TRAINS ON L. & N. CANCELED

Following a series of rumors regarding the signing of the armistice between the warring elements in Europe, all the rumors afterward proving premature and unconfirmed, this part of the world was startled at 3:00 yesterday morning, by the receipt of the following official news:

"WASHINGTON, D. C., Nov. 1.—Armistice terms have been signed by Germany, the State Department announced at 2:45 o'clock this morning. The world war will end this morning at six o'clock, Washington time, eleven o'clock Paris, France, time, and five o'clock in Paris, Kentucky. The armistice was signed by the German representatives at midnight. This announcement was made at 2:50 o'clock."

Immediately upon receipt of the news, which came through the Train Dispatchers' office at the Louisville & Nashville depot, in this city, pandemonium broke loose. The whistles of all the engines in the yard, the big whistle on the round house and at other places, shrieked forth a welcome of the great news, while the big tower bell on the roof of the Paris fire department also "told" the news. Sleeping Paris was awakened under the impression that there was a big fire in progress, but, gaining an inkling of the news, shouted a little and returned to their slumbers, content to await official confirmation of the good news, which came in abundance, and of an undoubted authenticity in the morning.

The Kaiser and his eldest son, Crown Prince Frederick William, have fled to Holland. The revolution which is in progress throughout Germany seems to have thrown fear into the hearts of the Emperor and his son and caused them to seek asylum and refuge in a neutral State.

The London Daily Express says it understands that the German armistice terms are even more stringent than those forecast October 31. Germany will be absolutely deprived, newspapers state, from further military power or action on land, sea, and in the air.

The revolution is spreading to all parts of Germany. Street fighting has taken place in the streets of Berlin. Many persons have been killed and wounded. The Crown Prince's palace has been seized by the revolutionists. Peoples' government has been established in the greater part of Berlin and in other cities in Germany. Leipzig, Stuttgart, Cologne, Essen and Frankfurt have joined in the revolution.

The great Krupp gun and steel works at Essen are in the hands of the revolutionists. Lieut. Krupp Von Bohlen-Halbach, the head of the works, and his wife have been arrested.

The Danish frontier is being strictly guarded by the German Soldiers' Council, in order to prevent the escape of rich people, generals and other high officers. The eagles of soldiers' helmets have been removed and red bands substituted.

The Lexington Herald of Sunday published a half-tone cut showing the baseball team of the Barrow Hospital Unit No. 40, now in England. This team has played some of the best American teams in England, and is still undefeated. Among the players shown are Baldwin Woods, of Paris, and Allen Ingels, of Millersburg. The team is made up entirely of Central Kentucky men. Young Woods is an all-round athlete, and won a silver cup at St. Joseph's College, at Bardonia, in athletic contests.

THE NEWS is often requested to print letters from the soldier boys over in France and in the army camps in this country which contain nothing of interest to the general public, though they are quite interesting to the ones at home. When we do publish letters we aim to omit all these tender passages which only refer to family affairs. If you have letters which give good descriptions of the country and people over there, incidents of personal experience and such things, as are of general interest, then we will be glad to publish them.

Maj. Henry F. Rhodes, of Frankfort, Chief of the Selective Draft Service has called on draft boards for 14,125 white men to be sent to Camp Beauregard, La., and to Camp Greenleaf, Ga., during November. Of the men to be thus inducted into the service 5,577 will be from the registration of September 12. Under the terms of the call 5,577 white men physically qualified for general military service to be sent to Camp Beauregard, Bourbon county will furnish fifty. Eight thousand, one hundred and twenty-five white men will be sent to Camp Greenleaf, Ga., during a five-day period, beginning November 18. Under this call Bourbon county will be required to furnish thirty-seven men.

The capture of Hugh Dugan, of Hinsdale, Ill., was reported early last spring, and was heard by friends here with regret. Hugh Dugan, son of A. G. Dugan and Mrs. Dugan, of Hinsdale, Ill., went to school at Ashville, S. C., with Frazier Lebus and Louis de Cognets, of Lexington, and James Thompson, of Paris. He has been a frequent visitor at the home of Mr. Thompson, and at the home of Mr. and Mrs. Swift Champ, in Paris. He is about 22 years old and enlisted in the Royal Flying Corps. Last spring, shortly after he had begun flying in France, he was reported missing for several weeks and his location was not known, but later it was announced that he had been captured by the Germans. He is permitted to write two letters of medium length each month.

Mrs. W. A. Clarke, of Cincinnati, who was formerly Miss Martha Walder, of Paris, sends THE NEWS a clipping from the Cincinnati Times-Star, a letter from Lieut. John Covington, of Cincinnati, who is well-known here, where he has visited on numerous occasions. Lieut. Covington, who is in France with the 353d Infantry, American E. F., was before his enlistment in the army, a prominent building contractor in Cincinnati. In one part of his letter he writes to Mr. Clarke: "Did you ever see a gasoline drum? Well they come over us sometimes, from Metz, I think. All we hear is a buzz and a bang—buried one of our Lieutenants alive several days ago, not mentioning the number of men." Lieut. Covington was recently recommended for Distinguished Service Cross (D. S. C.) for rallying and reorganizing
